HCM 1: Model Organizational Structure

Exercise Model Global Bikes organizational structure. **Time** 10 min

Task Sketch an organizational structure including four hierarchy levels for the organizational units described in the Global Bike scenario and integrate a new security unit into the Administration department of this organizational structure. GBI's headquarters are located in Dallas and GBI is registered as a US company. GBI also operates a subsidiary company, Global Bike Germany GmbH which is based in Heidelberg. A new security department should be set up and integrated into the existing organizational structure of GBI US. The new department obtains its offices at the group's headquarters in Dallas and belongs to the Administration and Financials department. Have a look at Global Bike's company story in order to complete the exercise.

Organizational Structure

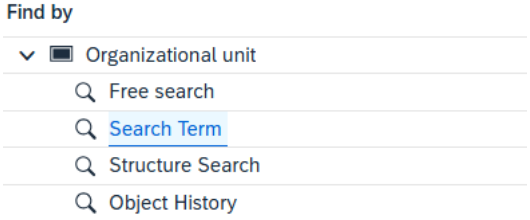

The **Organizational Structure** is composed by the enterprise structure, the personnel structure, and the organizational plan. Before the employee's personnel master data can be entered an organizational structure needs to be defined. Employees are integrated in this structure. The Enterprise Structure represents formal and financial structures in a company and is basically composed by the company code, the personnel area, and the personnel subarea. The Personnel Structure displays the relationship between employees and assigns them to certain employee groups and subgroups. The structural and personnel company model is illustrated in the Organizational Plan.

Start

To review the organizational plan, in the *Human Capital Management* space choose the *Personnel Management* page. In the role of *Personnel Administrator*, open the *Display Organizational Plan* app.
